# Interesting October Wedding Is Foretold

## His Worship and Mrs. Fry Announce Engagement Of Their Daughter

HERALDING a mid-October wedding which will claim wide interest in social circles, the engagement of the youngest daughter, Clara Marie Fry, to the Rev. James Price, son of Mr. and Mrs. J. C. Heford, of South Wales.

A graduate of the General Hospital School of Nursing, the bride-elect is well known in professional circles in the city and holds membership in the Nurses' Alumnae Association of the General Hospital. Her father is equally well known in business circles in the city and a host of friends are extending best wishes to Miss Fry and Mr. Price on the occasion of their approaching marriage.

The wedding has been arranged for Thursday evening, October 12, at 8 o'clock.

## Miss Colville Is Bride Of Mr. Brunelle

AT THE early morning hour of a quarter to eight o'clock on Saturday, a pretty wedding ceremony was held in the Sacred Heart church, at which Marion Colville, youngest daughter of Mr. and Mrs. H. C. Colville, of the city, exchanged vows of marriage with Wallace Robert Brunelle, eldest son of Mr. and Mrs. A. E. Brunelle, also of the city.

Rev. Father Farnham officiated at the ceremony. Miss Marie Ryan presided at the organ and during most of the ceremony Miss Kathleen Brunelle sang Ave Maria. She also sang while the register was being rung.

Distinctive table in red blue was chosen by the bride for her wedding and to complete her ensemble were a white blouse and accessories in white. The bride carried a pink rose. Mr. Colville gave her away in marriage.

### Gall-Stephen Nuptials Held On Friday

Choosing as the scene of her wedding, the South Edmonton home of her parents, Mr. and Mrs. J. Stephen, the wedding of Miss J. Tuttle and Mr. R. Gibson was held on Friday evening at 8 o'clock. The bride, Frederick Gall, younger son of Mr. and Mrs. A. E. Gall, of the city, was given away by Mr. J. Stephen. A. Macdonald performed the ceremony in the presence of the immediate family and intimate friends.

Given in marriage by her father, the bride wore an attractive frock of white chiffon over tulle with lace insertions. Her shawl bore a white jacket which she carried over her head and she wore a pink rose. Her hair was styled in a bob.

Both the bride and bridegroom were unattended.

## Dr. Tuttle Officiates At the Marriage Of His Daughter

FLAME from tall white candles lit the altar of St. Stephen's College church on Friday afternoon when Dr. S. Tuttle officiated at the marriage of his daughter Miss J. Tuttle and Mr. R. Gibson. The bride, Frederick Gall, younger son of Mr. and Mrs. A. E. Gall, of the city, was given away by Mr. J. Stephen. A. ## Tenth Poetry Contest Is Now Open

Tenth Alberta poetry contest is now open and entries will be accepted by Mrs. I. A. Scoulen, 1137 94 street, secretary-treasurer of the association. The competition closes October 15.

Awards will be given for first and second poems in each of four classes, sonnet, lyric, free verse, short poem, any form, with a special prize for the best Royal Varsity poem.

All particulars regarding rules governing the contest are obtainable from Mrs. Scoulen.

Rules for the contest are as follows: Poems must not exceed 12 lines in length; poems already published anywhere will not be eligible; contestants must enter many poems as they desire, in each class, but each entry must be accompanied by a fee of 25c; all entries are to be marked with the class in which they are entered, and signed with a new pen-name, and correct name and address enclosed in a sealed envelope; manuscripts should be typewritten—if possible—and, as they will not be returned.

# INSTITUTE TO LAUNCH BLIND DRIVE FUNDS

Campaign Sponsored by I.O.D.E. Has \$6,000 Objective; Jack Days

The annual campaign for funds for the Canadian National Institute for the Blind is under way. It will be a street campaign on Monday, Tuesday and Friday of next week, with a canvass of business and professional offices starting next week.

Objective of the campaign, sponsored by the I.O.D.E., under the leadership of Mr. H. Kinnear, is \$6,000.

During the fiscal year ending March 31, 1939, cases served totaled 161, making a total of 433 cases since the inception of the Institute, with 2,282 calls and interviews made by the social service department with and on behalf of prevention cases.

## REGISTRATION

Registration at the end of March, 1939, totaled 512, with a total number of calls during the life of the Institute of 2,282.

Braille, Moon and talking books have been loaned free to the city's blind people, and a magazine, the Braille Courier, given to 113 blind employees on the staff, to children, workshops, news and refreshment stands, and general industry totaling 36 during the last fiscal year.

## BLIND TRAINED

In the home teaching department, special teachers have trained 70 blind people in embossed reading and writing, also typing, knitting, home duties, etc. Blindcraft, the home given to all products made by blind people and sold by the Canadian National Institute, the Blind, includes bakery, rubber mats, leathercraft, hand cleaners and many other articles. The profits from all sales of Blindcraft go directly to the blind worker, and are sold at the lowest possible price, with value and workmanship guaranteed.

Provision for protective glasses, artificial eyes or other service necessary to protect or relieve eye conditions, is also made, 35 having been treated in Alberta during the past year.

## First Legislature Class Celebrates 31st Anniversary

In spite of the fact that classes will be resumed and life will go on as usual at the University of Alberta this fall, it was learned here yesterday that the 31st anniversary of the first session of the Alberta legislature will be celebrated on September 16. Registration will take place the following week.

University men recall that it was just 31 years ago today that the first class of 45 students met in the Queen Alexandra school. The act which brought the University into being was passed by the provincial legislature in 1906.

# CANADA PLACE WITH EMPIRE PREMIER SAYS

Alberta Social Credit Party Definitelypledged To Support

Canada's place is beside the Mother Country and the Empire in the new European conflict and Canada should throw all her resources into rendering the most effective help to Britain and France, Premier William Abernethy declared on Friday.

His statement was made when asked to comment on a resolution passed by the Social Credit League, Quebec Section, in which it was urged that "The Social Credit League strictly opposes any participation in the war and abstention of men and capital."

Commenting on this, Premier Abernethy declared that "I have stated definitely and categorically, both in relation to the press and over the radio, the unqualified and uncompromising stand of the Alberta government and federal Social Credit members. That stand is that Canada's place is beside the Mother Country and the Empire in this struggle and that Canada should throw all her resources into rendering the most effective help to Britain and France."

"We have also made it clear that we are not in a position to support the Dominion government in its declared intention to aid Great Britain and we have expressed the view that this can best be done by the organization of all our resources to this end."

"This is a war for the defence of democracy. The Social Credit movement is, itself, a democratic movement and therefore its members have the right to express their views as they see fit. The Social Credit movement in Quebec is purely a matter for its own members to decide. I am certain they should express their views as they see fit, but I am certain they should express their views as they see fit, but I am certain they should express their views as they see fit."

## Cecil Lewis' Band Is Engaged Here For Cabaret Music

Don Gaudin, manager of the popular Casino Cabaret, announced Saturday that Cecil Lewis and his band have been engaged for the fall and winter dancing season.

"Cecil and His Swing Music," an organization of 12 members, performed during the summer season at Sylvan Lake where it was known as "The Dancers and the Stars." Cecil Lewis, Duke, wrote the music for the band, and the band is now known as "Cecil and His Swing Music."

Located at 1062 Jasper avenue, the Casino Cabaret is the largest cabaret floor in the city. The popular dancing and singing is served the best in food and a highlight of music in a splendid atmosphere. The band is now known as "Cecil and His Swing Music."

# Dodge Presents 1940 Models

1940 DODGE "KINGSWAY" 2-DOOR SEDAN

The remarkable vitality of the automobile industry is evident each year at new model time, and especially so in the new 1940 Dodge line produces a long list of big and little changes, all useful and all contributing to the pleasure, comfort and pride of the owner. The new distribution of weight in the 1940 Dodge cars which produces the full-flaring ride, is accomplished by moving both the front and rear wheel back in relation to the body. The whole Dodge line has completely new bodies. These new bodies are much wider and three people can really be seated comfortably in either front or rear seats.

# German Cities, Towns Must Help Pay Costs Of Present Europe War

By LOUIS F. LOCHNER

Associated Press Staff Writer

BERLIN, Sept. 16.—Every German city and commune in addition to the individual German citizens, must pay the costs of the present Europe war, according to figures released last night by two economic statistical services.

Gemeinde Und Wirtschaftsstatistische Dienststelle, corresponding service for municipalities, estimated 1,200,000 marks—about \$300,000,000—must be contributed by the cities and communes out of receipts from taxation.

## DIVERSE PERCENTAGE

Each month, the figures showed, the cities and communes must divert 2 1/2 per cent of revenue from taxes on agriculture and forestry under takings, 3 per cent on real estate, 2 1/2 per cent on business and 10 per cent of the tax on citizens.

While it was admitted such estimates could not be exact, Gemeinde Und Wirtschaftsstatistische Dienststelle said that the cities and communes would not be permitted to "unload" the special war contribution payment on individual taxpayers by increased rates.

Instead, it was said, the money must be obtained from increased economy—putting down the communal expenses.

## NEW TAXATION

The Reich expects to add to the war chest by:

1.—A special war surtax on incomes, amounting to 10 per cent of the regular income tax.

2.—A 20 per cent special war tax on the retail price of beer and tobacco.

3.—A war tax on champagne of one mark a bottle.

4.—A tax of 100 marks (about 100 dollars) on cordials and liqueurs.

5.—Cutting federal administrative costs 50 per cent.

6.—Lowering wages and prices, thus further cutting down expenditures, so that difference would be available for war needs.

Presented: Pure Wirtschaftsstatistische Dienststelle said that the cities and communes would not be permitted to "unload" the special war contribution payment on individual taxpayers by increased rates.

# PRECAUTIONARY BLACKOUT BOON TO ASTRONOMERS

LONDON, Sept. 16.—This town's precautionary blackout was welcomed today as the biggest boon in 35 years by astronomers of the Royal Observatory at Greenwich.

For years Professor H. Spencer Jones, astronomer royal, has been protesting that London's bright lights have rendered the work of his staff difficult, but today President William Macdonell of the British Astronomical Association said "conditions for research work are really excellent."

Greenwich workers pursued a program of photographing stars to obtain their distance and constitution—work requiring long exposure undisturbed by atmospheric light.

# MOBILIZATION IS COSTING SWISS BIG SUM DAILY

By CHARLES FOLTZ

Associated Press Staff Writer

BERNE, Switzerland, Sept. 16.—Friedl Suter, holding that the neutral position of the Swiss in the war has been a battle line, learned with shock today that their general mobilization is costing about 5,000,000 Swiss francs (\$1,000,000) a day.

General Henri Guisan, the gentleman farmer who heads Switzerland's 400,000 citizen soldiers, acknowledged that continued mobilization was a strain on the economy of a nation whose total debt, including cantonal obligations, is about 8,000,000,000 Swiss francs (\$1,600,000,000).

Few Swiss, however, suggested that their army should be demobilized.

Switzerland, like Belgium and the Netherlands, is operating on the principle a weak nation these days is an opportunity for exploitation by stronger powers.

Geographically Switzerland looks like a convenient side route around the south end of the French Maginot and German Siegfried lines.

## Aged Prospector Dies After Getting First Mine Cheque

ATLANTIC, N.C., Sept. 15.—James Reid, 83-year-old prospector who spent many years searching for gold in the western district, died Friday—just a few hours after receiving the first payment for sale of a valuable placer mining property he discovered.

Reid sold the property recently for about \$40,000 and had received only one payment of \$5,000 when he became suddenly ill. An operation proved unsuccessful.

## Resume Service

# Official Vatican Paper Criticizes Nazi Action In Closing Churches

VATICAN CITY, Sept. 16.—Criticism of the Nazi government's action in closing the German Catholic churches, intensifies in an aid precatory was expressed by the official papal newspaper *Osservatore Romano* last night.

Appearance of the article coincides with reports that Mgr. Ruffini, chaplain general of the Polish army, had been wounded at the front and that the Polish headquarters at Warsaw had been damaged by German bombs.

The Vatican has been repeatedly pleading for observance of humanitarian rules of warfare and has condemned the bombing of open cities.

In attacking the closing of German churches, *Osservatore Romano* said: "The pretexts invoked by the German authorities do not seem at all convincing."

The *Osservatore* was not satisfied with the German statement that the closing of churches was a precautionary measure.

# 100 HARD-ROCK MINERS ENLIST WITH ENGINEERS

TORONTO, Sept. 16.—Toronto's "toughest" group of recruits, 100 hard-rock miners from Timmins who paid their own way to Toronto yesterday to offer their services to the military authorities, were about 100 per cent, through the medical board examinations today. A few were rejected because of poor eyesight. The entire group enlisted as privates in the 2nd Field Company of the Royal Canadian Engineers.

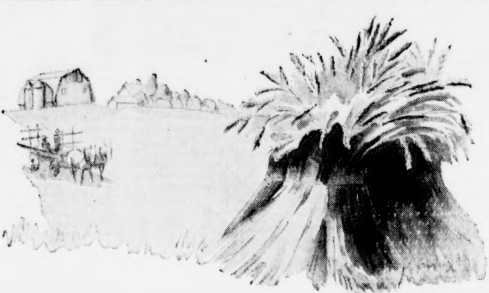

## Battered Plank Provides Mystery

NEW WATERLOO, N.S., Sept. 16.—A battered eight-foot plank bearing the markings "M.V. 111" last night provided a mystery of the sea. It was believed to have come from the deck or hatch of some vessel sunk off Cape Breton but there was no further clue as to the ship's identity.

"Pope Pius could not fail to seize the suitable occasion publicly to outline the church's position," *Le Temps* said.

"The whole world will realize that this is a formal condemnation of German aggression."

# IMPERIAL BANK'S USEFULNESS TO CANADIAN BUSINESS

"The farmers are the founders of civilization"—Daniel Webster.

## AGRICULTURE

One of the most important functions of the Bank's usefulness is the financing of farm crops. The farmer in good standing has no difficulty in borrowing from the Imperial Bank of Canada the necessary funds to put in his seed . . . to purchase feed and finish cattle . . . to cover harvesting expenses . . . to meet normal obligations between seasons until his crops and stock are marketed.

Under the Home Improvement Plan, the Bank—

In co-operation with the Dominion Government—makes special advances for alterations, enlargement and repairs to farm buildings on very reasonable terms.

The Bank furnishes at its nearest branch office a safe deposit for both the farmer's money and his documents, together with all the banking services available to big cities. Our customers number farm dwellers by the thousand, who find the Bank's services useful and profitable to them.

### CAMFAN GIVES A FEW POINTERS ON NEW TRICKS

Probably, everybody knows or later comes to a dull gray cloudy day of day when their ideas are more or less fixed and nothing seems interesting. To get a fresh start at such times a few of the suggestions, given below should help.

One making a lot of mistakes, leave it alone and try again. It is a waste of time to keep on trying. There are many things to try, but you must be sure that you are doing it right. Can you, then, do it right? Can you, then, do it right? Can you, then, do it right?

### REPRODUCTION WORDS

If this seems too simple try and reproduce a word or two of the words or phrases you are using. When you do this it is very effective. Such a phrase is known as a "reproduction" and you may use it in your writing. It is a word of Popular Photography, p. 20.

Other procedures to revive old ideas include the making of poems to describe pictures or objects, or the making of poems to describe pictures or objects, or the making of poems to describe pictures or objects.

### Amateur Photography is Largely

Amateur photography is largely a matter of taking pictures or scenes. The amateur photographer is one who does not take pictures for money. He takes pictures for his own pleasure. He takes pictures for his own pleasure. He takes pictures for his own pleasure.

Walsh said that the crew of the *Walden* were very kind and helpful, and that they had been treated very well during their journey.

## Can We Take It?

By Nellie McClung (Copyright Reserved)

A WOMAN who had two sons in the last war wrote these words in a letter, "Surely some great good must have come out of all this suffering. My home is broken and empty but I am not without hope. Some day I will return home and my life will be a new experience, for by experience I have grown bigger and am a deeper thinker in life and its mysteries."

## RELIEF ROLLS NOT EXPECTED SHOW DECLINE

Once Canadian Industry Geared To War Rise In Jobs Likely

OTTAWA, Sept. 16.—Relief rolls are unlikely to show substantial decline because of recruiting and wartime industrial activity for several months, relief officials estimate Friday. Once Canadian industry is geared to war, however, employment figures may rise rapidly. But there is little prospect of the early elimination of relief rolls, even if it is greatly reduced as the war proceeds.

## Confidence

Since civilization began, men have sown grain in complete confidence that a harvest will ensue. Such confidence does not spring full grown overnight. Unlike faith, which may be blind, confidence is born of satisfactory experience and thrives on good performance. The confidence held by patients of Snell & McCling, Registered Optometrists, of this city, can be explained only by a long record of satisfactory service. Snell & McCling cherishes that confidence, it signifies high standards in correcting optical defects with properly fitted glasses of uniform quality and precision, exceeding care and attention to detail with which only a pair of glasses are prescribed and fitted. If your eyes need attention you may consult Snell & McCling in any confidence. Their offices at 10079 Jasper Avenue, Edmonton, and Red Deer, are equipped with modern scientific instruments for sight testing. If it is more convenient, consult H. J. Scott, Registered Optometrist, Red Deer.

## PRICE BOARD SEEKS AID OF OTHER GROUPS

**Adequate Supplies, Equitable Distribution Is Alberta Aim**

Co-operation of business, labor and other organizations will be sought by the Alberta Price-Spreads Board, to "insure reasonable prices, adequate supplies and equitable distribution of the necessities of life," according to W. D. King, deputy minister of trade and industry, following a meeting of the board on Friday.

The board said throughout the day and an adjournment, was called to meet again at 10 a.m. next Wednesday.

In addition to Mr. King, the board consists of R. A. Smith, K.C., legislative counsel, Walter S. Campbell of this city, and Henry Jenkins, Calgary. R. J. Gault, solicitor to the trade and industry department, is acting as secretary.

**UNWARRANTED RISE**  
Mr. King stated that the board plans conferences with wholesalers, retailers, manufacturers, chambers of commerce and other groups to prevent unwarranted rise in commodity prices.

The board, under terms of the Trade and Industry Act, is authorized to fix both maximum and minimum prices at which any goods, wares or merchandise may be sold in the province, whether by wholesale or retail, and to fix maximum and minimum prices for services rendered or work done in any trade coming under the act.

First activities of the board will be directed to prices of necessities. Mr. King said that the board's intention was to bring about stabilization of the prices of necessities, to prevent profiteering and to remove any incentive to the making of abnormal purchases and consequent scarcity.

**WAR-TIME BOARD**  
The board, he said, will co-operate with the war-time measures board established by the Dominion government.

The Alberta Trade and Industry Act, under which the board functions, provides penalties for infractions, while regulations have been drafted at Ottawa which include penalties for infractions of the War-Time Measures Act.

**WHEAT LOADINGS  
TAKE DROP DUE  
TO WET WEATHER**

Loadings of wheat at elevators in Edmonton have taken a decided drop during the past week due to wet weather conditions, according to railway officials. Heavier rainfalls are expected Monday or Tuesday with the resumption of harvesting operations.

While loadings have fallen off, the bulk of wheat inspected here is still high in grade, most of it running No. 1 hard and No. 1 northern, grades.

Loadings at the beginning of the week were estimated at 200,000 bushels a day.

## Outbreak of Great War Is Recalled By Posters Now On Display In City Store

Exciting high interest among Canadians of the War had been recalled by the posters prominently displayed in the city store, 10011 110 street, (shown facing the camera). The posters, which were on display in the city store, were loaned to the city store by the Canadian Council on War.

Some of the posters read: "How can you cheer for the boys when they come home if you are not on the front and let them fight your battles for you?" "Have you asked yourself: (1) Is British freedom worth defending? (2) Am I helping to defend (3) my own life?"

"Did you do anything to beat Germany last year? You can do something this year, enlist now!" "Am I helping to beat Kaiser, Kuller, Kuller. Trained men will enlist now!"

Alberta Highland Dancing Association is holding its regular monthly meeting Monday, September 18, at 8 p.m. in the Civic Centre, Edmonton.

Fred Chabot, 18-year-old North Edmonton youth, was convicted on a charge of assault causing injury, and sentenced to six months in the reformatory, after a trial at the city court on Saturday.

Two collections up to and including Friday, from September 1, were \$742.91 higher than for the same period last year. It was learned Saturday at the city auditor's office that the city's annual collection for the year ended September 30, 1938, was \$132,852, as compared with \$126,423 in 1936.

Last four of Edmonton's six new trawlers (motor boats) have been landed in Montreal, it was learned Saturday by City Commissioner J. G. Gibb. Certain parts which are being shipped around in Vancouver were in spare equipment. The trawlers have been advised. The trawlers, however, likely will be in operation here before the end of the month.

## HUSKY MEN OF NORTH ARRIVE TO JOIN ARMY

**First Peace River Recruits For Edmonton Regiment Here**

First contingent of soldiers from the Peace River territory for the Edmonton Regiment arrived here Saturday morning and were immediately taken by the non-commissioned officers, who met them at the train and a medical board. These men, who are husky, brave, energetic, and intelligent and apparently in first-class shape.

1st Lt. W. G. Gillman, adjutant, announced that the first men for the regiment who would join from the Peace River district had been recruited.

Peace River district has been allotted 100 men for the regiment, and with Capt. R. H. Wilson and 1st Lt. J. H. Gillman, the non-commissioned officers, the first contingent will be recruited in short order.

The original Edmonton Regiment, the 4th Battalion C.E.F., an entire company was recruited from the Peace River territory, and with Capt. R. H. Wilson and 1st Lt. J. H. Gillman, the non-commissioned officers, the first contingent will be recruited in short order.

## Polish Army of 2,540,000 Built to Fight Fast-Moving Defensive War on Own Grounds

The cavalry is Poland's pride. There are 36 permanent regiments, about 30,000 men, as the nucleus for the present war cavalry. The country has almost 1,000,000 horses fit for military service.

Poland's artillery is as mobile as any in Europe. The field artillery has 575,000 men, plenty of guns and tanks, and trained facilities for replacement. This is a six-inch gun in a medium artillery battery.

POLAND'S armed forces have been built for more than 20 years on theory advanced by Marshal Pilsudski after the last war that the next great war would be fought in Poland.

The army plan has been built with the idea of fighting in Poland on the wide, almost endless flats and marshes that make up much of the country. While the rest of Europe was descending cavalry, Poland built up its own horse troops because they particularly fitted the fast-moving, raiding war that Poland has planned.

The high command differs with the military of most of the rest of Europe, too, in a theory of decentralized fighting without the rigid conception of "keeping in touch" that governs Western armies and sometimes paralyzes individual units. Keystone of the Polish defence is the Polish peasant—a born soldier, a natural marcher—a Polish infantryman can make 30 or 40 miles a day and keep up with the cavalry—and a man bred to hardship.

With almost every available man already in service, giving an armed strength of about 2,540,000, Poland has few reserves.

Poland has about 1,000 light tank planes and 10,000 more. The planes are made in government-owned plants of modernized Poland. These are "Bristol" bombers with French gas turbines.

The British Vickers provided the design for Polish light tanks. This type of six-ton machine turned in sound performance in Spain and Manchuria. The Poles have about 800 tanks; Germany, 2,000.
